SOULPARLEZ

WHERE FOUR FEMALE VOICES EMERGE INTO ONE. GENTLE, YET POWERFUL SOUNDS RUN LIKE A COMMON THREAD WITHIN THEIR COMPOSITIONS. THEY BEAUTIFULLY MANAGE TO CREATE UNIQUE MOODS THROUGH COMBINING THEIR VARIOUS INFLUENCES SUCH AS JAZZ, SOUL, POP OR FRENCH CHANSONS.

The four women quickly noticed the strong bond they felt towards each other while first singing together at Jam Sessions and small concerts around Vienna.

Their voices seemed to flow into each other naturally, without losing what makes each one of them special. It was only a matter of time until they decided to form a group, where they could combine their different styles and create a unique sound.

Soulparlez was born.

Their voices take the listener through endless airiness to a place far away, but yet so near. Telling stories of self-empowerment, love or their perception of society, Soulparlez dares to speak their minds through their music.

Based in Vienna these talented musicians have recently released their Debut EP "Falling apart" as well as an official music video. They are currently working on their first album, to be released in late 2023.

A photograph of four women in a field at sunset. Two women are standing in the background, and two are sitting in the foreground. They are all wearing light-colored, bohemian-style clothing. The woman on the left is wearing a white blazer, a white top, and white pants. The woman on the right is wearing a patterned top and white pants. The background is a bright, hazy sky with trees in the distance.
